

# Institut für Materialprüfung glörfeld gmbh

## Chemical Analysis expertise since 1977

Specialized Laboratory for Precious Metals  
Analysis in Germany  
Certified by DIN EN ISO 9001:2008

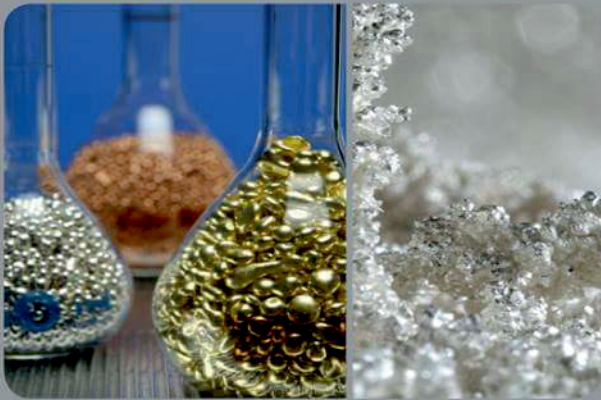

# IMG

### Precise and accurate results on

Analysis of Precious Metals (gold, silver, platinum) in

- Ores
- Concentrates
- Intermediates
- Metallurgical products
- Weeps/brushings
- Dental scrap
- Recycling products Waste of Electrical and Electronic Equipment (WEEE)
- Catalytic converters, fine metals and alloys

### Trace elements analysis by GD-MS

- Pure metals
- Precious metals
- Semiconductors
- Special high-tech metals  
Refractory metals (W, Mo, Ta, etc.)  
Indium, Selenium, Tellurium etc.

Do you need help for sampling?

Sampling can be made in Germany and abroad in cooperation with competent sampling companies.

Analyses are made by combination of fire assay and modern instrumental techniques.

WD-XRF

ICP-OES

GDMS
